MANAGEMENT ADVISORY #07-010

TO: Agency and University Personnel Officers and Insurance Coordinators

FROM: Michelle Robleto, Director
Division of State Group Insurance

SUBJECT: Retiree Health Insurance Premiums Effective December 1, 2007

DATE: September 10, 2007

The Division of State Group Insurance has finalized Health Maintenance Organization (HMO) contract rate renewal negotiations for Plan Year 2008 with AvMed Health Plans, Capital Health Plan (CHP), Florida Health Care Plans (FHCP), UnitedHealthcare Plans, and Vista Healthplans. While there will be no impact to active employees, pre-65 retirees, or COBRA participants, there will be rate changes affecting retirees with HMO coverage under enrollment categories Medicare I, Medicare II, and Medicare III.

Effective December 1, 2007, for January 2008 coverage under the State Group Health Insurance Program the monthly premium rates displayed in the attachment are applicable. The premiums for Medicare-eligible retirees enrolled in an HMO vary by HMO. The attachment is a chart showing, among other information, HMO Medicare rates by county that will be effective December 1, 2007, for January 2008 coverage.. To enroll in an HMO's Medicare Plan, a retiree must be enrolled in Medicare Part A and Part B. To enroll in either the CHP or FHCP Medicare Plan, the retiree must also enroll in the applicable Retiree Advantage (CHP) or Medicare Advantage With Rx (FHCP) Plan.

Retiree eligibility for HMO coverage is dependent upon residing in the HMO's service area. The attachment displays all retiree premiums by county.
