Small Business Participation Mission Statement

The Florida Department of Citrus will continue to demonstrate commitment in outreach initiatives to ensure participation of Small and Minority-, Service-Disabled Veteran-, and Women-Owned businesses in the economic life of the State of Florida.

Small Business Participation Program Overview

Citrus will continue activities that provide support to the Small Business Program as well as identifying additional initiatives within the constraints of the Department that will further the directives and philosophies of the One Florida Initiative. The basic premise of the Program will ensure intentional and proactive corporate citizenship in pursuing and promoting diverse entrepreneurship whereby legitimate business needs and corporate philosophies are met and supported through a network of diverse suppliers. Because of limited staff and financial resources, Citrus will utilize the Office of Supplier Diversity as the key to our program components.

The Program will consist of the following components:

- A. **Staffing Resource Commitment** – Citrus has designated a senior management staff member that is responsible for oversight of initiatives identified herein or as may be developed. Procurement staff resources are committed to the implementation of initiatives and maintaining working relationships with OSD.
- B. **Small Business Exposure Initiatives** – These activities will insure small businesses are afforded opportunities to compete and participate in procurement activities regardless of value.
- C. **Small Business Education Initiatives** – These activities ensure small businesses are informed and instructed in various processes necessary to successfully compete and participate in procurement opportunities.
- D. **Program Assessment** – Citrus will continue monitoring spending activity and identifying and sharing successes with contract vendors.

Definitions

Business Partner – A business entity in a contractual relationship with Citrus to provide commodities and/or contractual services for business operations.

Citrus – The Florida Department of Citrus

DMS – The Florida Department of Management Services

OSD – The Office of Supplier Diversity

Small Business – any business entity that qualifies under the definitions set forth in Chapter 288.703(1)-(2), Florida Statutes.

Staffing Resource Commitment

The designated senior manager is Ms. Christine Marion, Comptroller, who is responsible to insure that Citrus directives are communicated to all employees involved in the procurement of commodities and contractual services.

Ms. Dianne Screws, Purchasing Director, is the implementation manager, who will coordinate Program communications with Business Partners and Small Businesses. She, along with her staff, will participate in various State and local efforts to emphasize the One Florida Initiative, and will foster relationships with OSD in order to fully utilize the resources they provide to us.

Small Business Exposure Initiatives

Citrus Website	Citrus' website includes Vendor Information tab that directs vendors to DMS-OSD website to take advantage of all State opportunities.
Business Partner Activities	Citrus continues to work with program contract agencies to engage Florida minority vendors in their bid activities. Our Business Partners currently work closely with our Purchasing Director in the procurement of commodity services with Florida-based vendors.
Small Business Trade Fairs	Citrus will seek out and attend or sponsor events that facilitate personal interaction between small business entities and Citrus and our Business Partners, when they are scheduled in Central Florida.

Small Business Education Initiatives

Citrus Website	Citrus' website links visitors to the OSD website to learn of procurement-related resources available to minority business vendors.
Business Partner Activities	Citrus' Purchasing Director will continue outreach to our program contract agencies to educate their purchasing officers in the resources and potential cost savings available through Florida minority vendors.
Small Business Trade Fairs	Sponsorship and attendance at Central Florida events would provide opportunities for Purchasing Office staff to learn and become acquainted with newly established small businesses and to interact with OSD personnel to learn of their new initiatives.

Small Business Certification

Citrus will be proactive in identifying non-certified small businesses and initiate communication about the benefits of certification.

Citrus will sponsor a booth and attend the MatchMaker event in Orlando, when scheduled. We will also encourage participation by our small business providers.

Program Assessment

Citrus has tracked and maintained historical data on minority vendor spending and has seen fluctuations depending on the focus of our marketing and research activities. 2008-09 brought a major change to program emphasis, which continues today. The citrus industry continues to battle a destructive disease, HLB or greening. To help combat this disease to assure a viable future for the Florida citrus industry, 17% of our domestic budget continues to be directed to scientific research with established universities and research agencies, with little or no opportunity to utilize minority business partners. Nearly half of our budget is extended to market Florida citrus domestically; television, social media, and online advertising comprise the bulk of advertising spend and are not conducive to minority vendor procurement. However, we have continued to contract with MARS Advertising Co., a non-certified woman-owned business to lead our shopper marketing efforts. This contract has resulted in an increase from 7.0% in FY 11-12 to 10.3% in FY 12-13 for minority business utilization in the contract category.

Contract agencies report their Florida certified minority spending to the Department. It is included in our monthly and annual activity.

Citrus will remain diligent in locating those spending areas that utilize Florida minority vendors.
