Definition of a Minority-, Woman-, and/or Veteran-Owned Business

To become a certified minority-, woman-, and/or veteran-owned business, a business must be:

- Engaged in commercial transactions;
- Domiciled in Florida;
- A minimum of 51-percent owned, managed and controlled by an African-American, Hispanic-American, Asian-American, Native-American, woman or veteran who is a permanent resident of Florida and a United States citizen; and
- A small business that is independently owned and operated, with a net worth of no more than \$5 million and that employs less than 200 full-time permanent employees, or is recognized as a certified business by the federal government.

Certification benefits include:

- First-tier referrals to state agencies for order and contract opportunities;
- Mentor-protégé opportunities for business development guidance from established corporations;
- Exclusive listing of state-certified minority-, woman-, and/or veteran-owned business in an online directory;
- Participation at regional workshops, seminars and matchmakers; and
- Loan mobilization to assist eligible businesses with funding.

Agency Compliance

Section 287.09451 (4) (0) 2, Florida Statutes, annually requires all state agencies and universities to submit Minority Business Enterprises Utilization Plans to the Office of Supplier Diversity. Each plan must include the organization's strategy for ensuring diversity in the organization's purchasing and contracting opportunities, as well as the previous fiscal year's spending with minority-, woman-, and veteran-owned business enterprises. Plans must also include a statement and assessment of good faith efforts taken by each state agency and a status report of agency compliance with subsection (6), as determined by the Minority Business Enterprise Office.

Future Data Calculation in Fiscal Year 2014-15

In an effort to continuously improve the quality of information it provides, the Office of Supplier Diversity is researching new data elements for inclusion in future annual reporting. The Office of Supplier Diversity Annual Report presently includes a comparison of total agency spend with Minority Business Enterprises (in dollar amount and percentage) versus total agency expenditures (page 7). Future annual reports will also include total agency spend with Minority Business Enterprises (in dollar amount and percentage) versus each agency's dedicated "contracting dollars." This calculation will exclude any agency transfers, grants, subsidies or other pass-through payments (to other state agencies or recipients), as those expenditures do not represent active and deliberate contracting decisions on the part of the agency. This new data element will provide a more relevant representation of the state's expenditures with woman-, veteran- and minority-owned businesses.

The sample chart below illustrates this future calculation:
