

System Enhancement SE 128: Sept. 19, 2015, Release Summary

Issue Date: Sept. 15, 2015

Audience: Human Resource Offices

| Release Item | Description |
|--|---|
| <p>Defect - Payroll Deductions Retro Posting Report</p> | <p>Currently, the Payroll Deductions Retro Posting Report is not saving to the My Reports queue after being processed. With this release, the defect will be corrected so that after the report is processed, it will save to the My Reports queue.</p> <p>The Payroll Deductions Retro Posting Report allows agencies to identify where employee premiums payments were posted if they were not posted to the next coverage month. For additional information on the report and for instructions on processing the report, refer to the Payroll Deductions Retro Posting Report instructional guide.</p> |
| <p>Defect - Leave Balance Transfer Screen</p> | <p>Currently, there are instances where the Leave Balance Transfer screen cannot be used to transfer leave for SES and SMS employees, requiring exiting and hiring agencies to process manual leave balance adjustments. With this release, the defect with the Leave Balance Transfer screen will be corrected and allow the transfer of leave between agencies that use the time and attendance process in People First for SES and SMS employees.</p> |
