Paid Parking FDLE CAPITOL POLICE ACCESS

Paid parking in TRIRIGA goes live **NOVEMBER 8, 2016.**

TRIRIGA OVERVIEW

TRIRIGA is a web-based system that is replacing the FACT system. It is an integrated facility management system (IFMS) that tracks and manages real estate activities, including paid parking for the Department of Management Services (DMS).

FDLE Capitol Police staff, with approved access to the TRIRIGA Parking Module, can view DMS' owned or managed parking lots and garage data as illustrated below. This data conveys where individuals are authorized to park. TRIRIGA will not contain or maintain vehicle makes, models or license plate information.

TRIRIGA TRAINING

The training for FDLE Capitol Police is web-based and will be available on the [TRIRIGA Training](http://www.dms.myflorida.com/business_operations/real_estate_development_and_management/tririga_training) website November 7. The TRIRIGA training link is as follows:

http://www.dms.myflorida.com/business_operations/real_estate_development_and_management/tririga_training

Need assistance? Email AskTRIRIGA@dms.myflorida.com.

TRIRIGA ACCESS

Access to TRIRIGA requires completion of an [Access Change to TRIRIGA Request Form](#). Please complete the form; select your appropriate parking role; and have it approved by your supervisor. Each system user must have his or her own account, username and password.

We are accepting completed forms now. After you and your supervisor sign the form, please submit it to AskTRIRIGA@dms.myflorida.com for finalization and approval.
