Subject: People First recruitment site and Performance & Talent Management system

Greetings,

We are just a couple of months away from the launch (January 2017) of the new People First recruitment site and Performance & Talent Management system.

The department is continuing to work with your human resource teams to train staff on the Performance & Talent Management system. While the site is user-friendly, we want to ensure that everyone has the necessary tools to excel in using the system.

Earlier this month, we sent out a communication to human resource offices and hiring managers regarding the Performance & Talent Management system. It features key dates, differences, and data transition information that may be helpful to you and your staff. You may access the communication here: <http://www.dms.myflorida.com/content/download/129246/803676>.

I would like to reiterate that the feedback your teams have provided throughout this process has been invaluable. Our People First Team has enjoyed working with your staff to make these systems as efficient as possible.

Please contact David DiSalvo, Director of People First, at 850-413-9579 or david.disalvo@dms.myflorida.com if you or your employees have additional questions about the roll-out. Thank you for your cooperation in this important endeavor.

Regards,

Chad Poppell

Secretary

Florida Department of Management Services
