Description of Issue:

Effective April 1, 2008, SUNCOM long distance calling procedures will change. Please refer to the attached document for details.

As part of the July 19, 2008 release:

- Text and data entry fields of all SUNCOM labeled information will be hidden on the People First web pages.
- All existing SUNCOM data in the People First system and in the People First data warehouse will be removed as part of the 07/19/08 release. This will prevent outdated information from being provided to the 411 Directory and prevent other agency systems from pulling this data from the data warehouse.
