Release Item	Description
<p><b>Timesheet Approval Update</b> - Remove Error Message When Approving Multiple FLSA Periods at One Time</p>	<p>Eliminate error message on timesheet “<i>Employees leave balance is currently being updated. Please try in 15 min.</i>” when approving (or submitting and approving) “All Periods” in a pay period.</p> <p>However, this error message will still be given if not approving “All Periods” in a pay period. For example, if individual FLSA periods are approved (or submitted and approved) the error message will still be given. This also applies to submitting (or submitting and approving) multiple timesheets for an employee.</p>
<p><b>Leave Balance Transfer Screen Update</b> - Remove Message When Transferring Leave Balances</p>	<p>Eliminate error message “<i>Employees leave balance is currently being updated. Please try in 15 min.</i>” when transferring leave. For example, if you transfer an employee’s annual leave balance you will no longer receive the error message requiring you to wait to transfer the employee’s sick leave balance. This update applies to the Leave Balance Transfer screen only.</p>
<p><b>Timesheet Update</b> - Ability to Hover Over Charge Objects on Timesheet</p>	<p>When hovering over the “Activity” and “Subactivity” fields on the timesheet, the charge object descriptions will be shown. Currently the description is only shown when hovering over the “Project” field.</p>
<p><b>Alerts Modification</b> - Miscellaneous Deduction Alert</p>	<p>When an employee transfers from one position to another <b><u>within the same agency</u></b>, the employee will no longer receive the alert “<i>Miscellaneous deductions do not transfer with employees from agency to agency. Please coordinate with your new personnel office to re-activate any miscellaneous deductions that you wish to continue or to start new deductions.</i>”</p>
<p><b>Leave Payout Screen</b> – Update to include CJIP in the Hourly Rate of Pay</p>	<p>When processing a leave payout for an employee that has CJIP, the CJIP amount will be included in the leave payout hourly rate of pay calculation.</p>
