

LOW EMISSION VEHICLE (LEV) APPLICATION

The following state employee hereby requests a LEV parking space/tag, and agrees to comply with the following:

- LEV parking is on a first come, first park basis in Red/Green identified spaces.
- Vehicle fuel efficiency will be determined using the requirements set forth by www.greenercars.org, and must comply with LEED Gold certification requirements.
- The approved LEV parking tag must be displayed in the LEV vehicle submitted below for verification, and are renewed annually. LEV tags are not transferrable.
- DMS may periodically review LEV tags and applications for compliance.
- Any changes must be reported to DMS Parking Services immediately.

All questions and concerns should be directed to DMS Parking Services prior to completing this application. DMS Parking Services can be contacted:

4050 Esplanade Way, Suite 315, Tallahassee, FL 32399 **OR**
email AskDMSParkingServices@dms.myflorida.com

This completed application should be submitted to either address above.

By executing this agreement, Applicant agrees to comply with established (sections 255.51, 272.161, and 553,) Florida Statutes, 60H-4, Florida Administrative Code, and DMS parking policies. Failure to comply could result in the loss of parking privileges.
